## ALEXANDER KANEN

---

FOUNDER / CEO  
KANEN LAW FIRM

Alexander Kanen is the founder and CEO of Kanen Law Firm, a NYC law firm specializing in Real Estate, Corporate, and Blockchain Law, which has represented clients in commercial and residential real estate transactions, including acquisitions of residential properties, mixed-use and commercial buildings, vacant land, development rights, air rights, easements, syndications, and financing.

An early adopter of Distributed Ledger Technology, Alexander pioneered a closing process that became commonly known as “Bitcoin Closings” and advises Web3 companies, institutional and private clients on all aspects of digital asset transactions, including NFTs, tokenized equity, debt offerings, and other asset-backed digital security issuances.

He is the Chair of Wall Street Blockchain Alliance’s Tokenization Working Group and is a Member of Wall Street Blockchain Alliance’s Legal Working Group.
